

## Exceptional Image Quality in a Smaller 3.8 mm Design

3.8 mm Compact  
Hysteroscope

## Exceptional Image Quality in a Smaller 3.8 mm Design

# 3.8 mm Compact Hysteroscope

The **3.8 mm Compact Hysteroscope** features a separate inflow, outflow, and 5 Fr. working channel while still maintaining excellent image quality.

### Increased Patient Comfort

The smaller 3.8 mm Compact Hysteroscope allows for a more comfortable patient experience.

### Enhanced Durability

The 3.8 mm Compact Hysteroscope's durable, one-piece design increases the life of the endoscope and ensures long-term, optimal image quality. Its integrated, straight, 5 Fr. working channel provides maximum protection for instruments and potentially increases the life of semi-rigid graspers and scissors.

### Effortless Design

An all-in-one design allows for easier setup and reprocessing, while the separate inflow and outflow channels maintain visibility throughout the case, potentially decreasing procedure time. The unique blend of a smaller outer diameter and 5 Fr. working channel makes this compact scope ideal for a wide variety of procedures.

### Compact Hysteroscopes with 5 Fr. Working channel

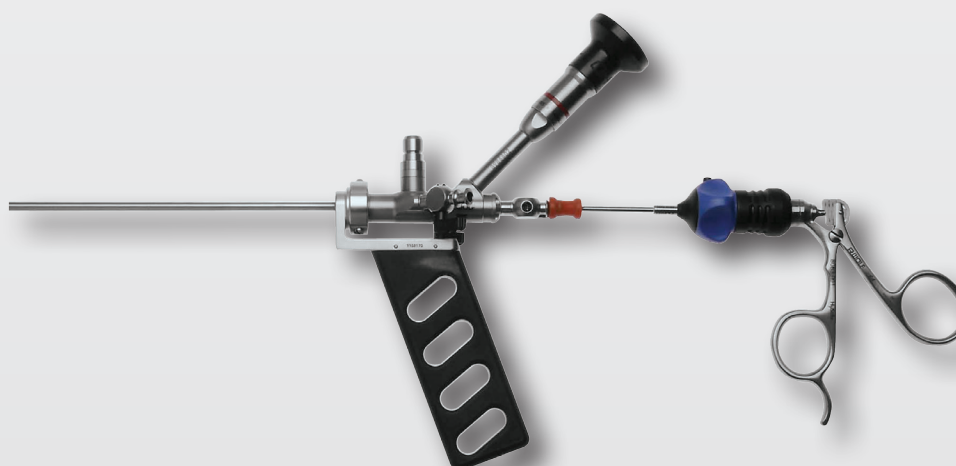

| Part Number | Description                            |
|-------------|--|
| 8986402     | 3.8 mm Compact Hysteroscope, 30° Angle |
| 8986.401    | 5 mm Compact Hysteroscope, 20° Angle   |

### HySafe Qui-Connect Modular Forceps: Rotatable

| Part Number | Description                           |
|-------------|---------------------------------------|
| 8642.6002   | Spoon Biopsy Forcep, 5 Fr., 340 mm WL |
| 8642.6502   | Alligator Grasper, 5 Fr., 340 mm WL   |
| 8642.6812   | Micro Scissor, 5 Fr., 340 mm WL       |
| 8642.6312   | Punch Biopsy Forcep, 5 Fr., 340 mm WL |
| 8992.6402   | Hooked Scissor, 5 Fr., 340 mm WL      |

### Accessories

| Part Number | Description                                |
|-------------|--|
| 823005      | BipoTrobe Electrode, 5 Fr., 360 mm WL      |
| 8570.040    | Reprocessing Tray                          |
| 8986.251M   | Ergonomic Handle                           |
