New

Nasal Scissors with Metzenbaum Blades

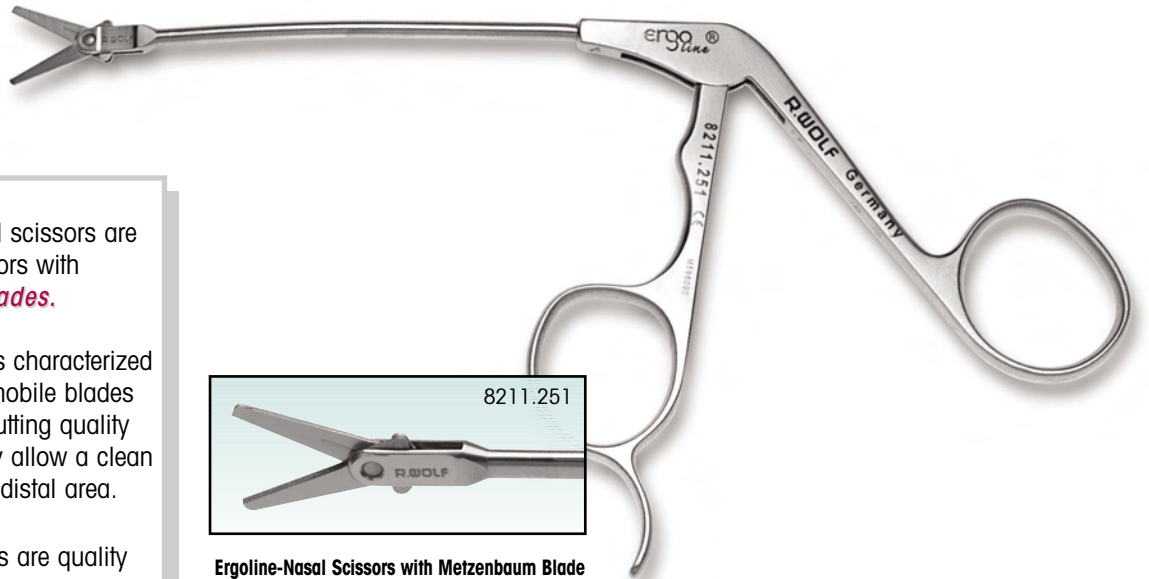

- Superior cutting quality
- Long life time
- Ergonomic working position
- Greater freedom of movement

Nasal Scissors with *Metzenbaum Blades*

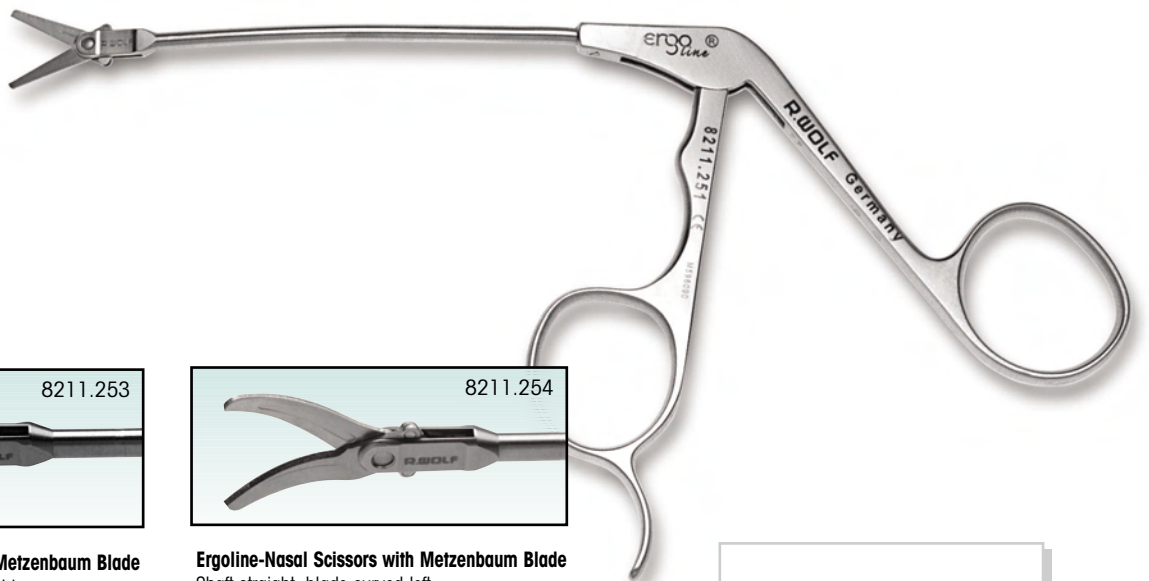

The new *Ergo-line* nasal scissors are the first nasal scissors with *Metzenbaum blades*.

This special construction is characterized by spring loaded, dual mobile blades which possess a high cutting quality over the entire length. They allow a clean cut even in the farthest distal area.

The *new* nasal scissors are quality made German instruments.

Ergoline-Nasal Scissors with Metzenbaum Blade
Shaft curved, straight blade
ø 5 mm, WL 100 mm8211.251

Ergoline-Nasal Scissors with Metzenbaum Blade
Shaft straight, blade curved right
ø 5 mm, WL 100 mm8211.253

Ergoline-Nasal Scissors with Metzenbaum Blade
Shaft straight, blade curved left
ø 5 mm, WL 100 mm8211.254
